

## How do I customize the appearance of my LMS

You can customize the appearance of your Learning Management Portal by choosing a color theme, site orientation, uploading a custom logo (header) or page title and a specifying a custom page footer text. You can also upload a custom **favicon** as well as publish custom content on the logon page. You can also change the default language and time zone of your LMS portal.

To do so, log on with admin credentials and click on **Account Settings -> Look & Feel**.

Page Header

Use Your Own Logo (Image)

Use Text Header

Upload Logo

Fav Icon

*Favicon is a small image (png or ico) that appears on the browser tab when you open your website. You can specify your own image here.*

Upload Favicon

Alignment

Page Alignment

Centered

Theme

Theme

Dark Gray

Locale Settings

Account Default Language

English - UK

*This is the default language for first time visitors. Users can change this independently.*

Default Time Zone

(-07:00) Mountain Time (US & Canada)

*Users can set their own time zone.*

Once you make the necessary changes click the Apply button to save them.
