Electa LMS provides teachers with an option to issue a certificate or diploma upon the completion of their course.

The teachers are able to issue a certificate/diploma from already prepared various templates see <u>How to issue certificate</u> or diploma or they can create their own, see <u>How to create</u> <u>custom certificate diploma templates</u>.

The teachers can send links of the issued certificates to students.

Certificates are regular PDF files. They can be downloaded and printed as regular PDFs.
